Distribution Memorandum No. 1
Supplement No. 1
July 14, 1945

To: All Branch Managers and State Directors

From: J. B. Daniels, Acting Manager
Federal Crop Insurance Corporation

Subject: 1946 Wheat Program Material

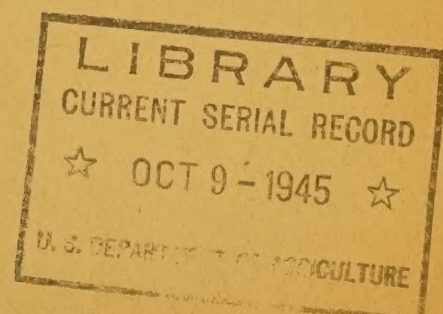

When the state needs any additional material covered by Distribution Memorandum No. 1, the state director should request the branch office to furnish such additional material from the supplies sent to the branch office. Each such request should be in duplicate. The branch office should enter on the copy of the request the number shipped and forward the copy thereof to this office in order that we may be kept informed as to the supply in the branch office.

The printer has advised us that the 1946 wheat applications were shipped by express from Niagara Falls, New York on July 12. The printer has promised to deliver an additional 100,000 1946 wheat applications on or before August 15 for shipment by express from Niagara Falls, New York.

Additional forms needed in states with a closing date of September 15 or September 30 can be furnished from the 100,000 forms to become available by August 15. If we can be advised shortly after August 1 of additional forms needed in these states, we can probably arrange for direct shipment to the states from Niagara Falls.

The printed copies of the 1946 wheat application procedure were mailed from Washington today.
